COSTLY LITIGATION

Fight Over a Mule Has Already Cost Hundreds of Dollars

Litigation over a mule valued at \$90 has reached a point in the Lawrence County Courts where the costs are over \$300, besides the fees of eight attorneys employed.

The case has been tried eight times, and the end is not yet. The Juries failed to agree seven times, and when a verdict was made at the eighth trial in Quarterly Court, an appeal was taken to the Circuit Court by the losers, Swetnam & Son.

M. F. Swetnam & Son, merchants, are plaintiffs, and John Miller, defendant. Miller's father, now dead, mortgaged a mule to secure \$90 worth of the necessities of life. After the old man's death John claimed the mule

was his at the time the mortgage was executed, and refused to surrender it to the mortgagees.

The case has attracted much attention.

The Grand Lodge, A. O. U. W., is in session at Louisville.

The bitter enmity that two old soldiers entertained for each other culminated in a murder at the Soldiers' Home at Dayton, Ohio, following a quarrel, when John Samuel, aged 67, deliberately threw from a second-story window of the barracks James Bowling, aged 73. Bowling fell head foremost on the cement pavement below. His skull was fractured and he died in the Home Hospital shortly after.

SOLDIERS RETURNING

One Company From Bracken Passed Through the City Yesterday

The war cloud that has portentously hung over Bracken county for the past several weeks is evidently lifting, inasmuch as a portion of the troops stationed there have been ordered elsewhere.

The Ohio soldiers are still doing patrol duty, guarding the border line from Manohester, Aberdeen, Ripley and down below Augusta.

REPUBLICAN TICKET.

FOR CONGRESS,
Hon. JOSEPH B. BENNETT.

A NUMBER of Kentucky Democratic newspapers have been very eager to jump on Governor WILLSON because of his enforced absence from the State, and they even go so far as to claim that the Republican Governor has already been out of the State longer than Mr. BECKHAM was during his entire two terms.

This charge may and it may not be true, and to get the right perspective of comparison and censure take a look at the real facts.

Governor BECKHAM left the State for a brief period once, it will be remembered, and what was the result? You have only to search the records at Frankfort and you will see that Lieutenant Governor BILL THORNE issued one pardon during Governor BECKHAM's absence which practically compelled the latter to remain in Kentucky all the time.

Governor BECKHAM had an alternate official whom he could not trust.

Governor WILLSON has in Lieutenant Governor Cox a vice whom he can and does trust, and that is the main reason that Mr. WILLSON is enabled and feels perfectly easy about official affairs when he leaves the confines of old Kentucky.

In this connection, and in the matter of Acting Governor Cox issuing pardons to CALEB POWERS and JAMES HOWARD during Governor WILLSON's absence, the following article, taken from the correspondence of JOHN D. WAKEFIELD's versatile and timely letters from Louisville to The Cincinnati Enquirer, may not be out of place:

"When Governor WILLSON went to Washington to attend the Governors' conference, called by President ROOSEVELT, he took with him as a part of his personal luggage the record in the application of CALEB POWERS and JAMES HOWARD for pardons. While it is understood that there was no disposition on the part of Acting Governor W. H. COX to pardon either of the men, during the absence of Governor WILLSON, it is pointed out that he could not have done so had he desired with all the papers in the possession of the Governor. Governor WILLSON and Lieutenant Governor COX are the closest of friends, and have always had a thorough understanding relative to the conduct of the Executive office during the absence of the Governor. The same relations did not always exist between former Governor J. C. W. BECKHAM and former Lieutenant Governor WILLIAM P. THORNE, and for this reason BECKHAM seldom left the boundaries of the State. On one or two occasions when he did leave he was accompanied by Lieutenant Governor THORNE."

To us the Powers-Howard cases are so flagrantly pardonable, and there is such a popular clamor for Justice and the summary liberation of these celebrated prisoners, that we do not see how Mr. WILLSON, or Mr. COX, either, could honestly permit them to remain in prison twenty-four hours.

The mineral production of this country now exceeds \$3,000,000,000 annually.

The War Department has issued an order that no officer shall be chosen who stands less than 5 feet, 5 inches in height. Time was when such an order would have barred a couple of men who made big military reputations—NAPOLÉON BONAPARTE and PHIL SHERIDAN.

LA CENTER, KY., May 19th.—Kneeling on the ground in the moonlight with their heads bowed, while their leader, his masked face turned toward heaven, offered prayer, a band of night riders last night destroyed the big tobacco barn of H. G. Maddox, not far from this place.

The spectacle was witnessed by Flint Randall and Miss Maggie Tate, two young people, who were returning from a party, and who were captured by the raiders and forced to accompany them to the prayer-meeting and barn-burning.

After the torch had been applied and the flames were under good headway, the young people were led some distance away, with instructions to go home, as they left they heard the strains of "Nearer, My God, To Thee."

FEDERAL COURT AT JACKSON

Bill Passes Senate After a Tilt Between Senators McCreary and Paynter

In the Senate Monday there was a spirited debate between the Kentucky Senators.

Senator Paynter advocated passage of the bill which has already passed the House, providing for sessions of Federal Court at Jackson in the center of the Breathitt county feud country. McCreary opposed it. He said there was no business there to justify it, no facilities for holding Court.

Paynter retorted by charging that his colleague's opposition was really based on the fact that the hotels and boarding houses of Richmond, Senator McCreary's home, might suffer if the bill passed.

Most of the Democrats refrained from voting when the bill was put on its passage, but the Paynter view prevailed.

This bill affects the Federal District, under the jurisdiction of United States Judge A. M. J. Cochran, whose principal quarters are in Covington. London, Richmond and Catlettsburg were the other towns in which the Federal Court sessions had previously been held.

The passage by the Senate of the bill requires Judge Cochran, his clerk, Joseph Finnell, and U. S. Marshal Sharp to establish quarters in Breathitt county. There had been much opposition to the bill, owing to the remoteness of Jackson.

QUARTER OF A MILLION

Dollars Will Be Spent By Newspapers Reporting Chicago Convention

It is estimated that the cost to the newspapers of the country of giving the news of the Republican National Convention at Chicago June 17th, this year, will be a quarter of a million dollars. Preparations for the Convention have been actively under way with the opening of headquarters this week by Secretary Dover of the National Committee, and the letting of contracts for red, white and blue bunting.

From the reports that have been received and the record of reservations at the hotels it will be the largest political gathering ever held in this country.

It is likely also to be the most fully reported if the demand for press accommodations is any indication. The news associations have announced that they will need more space than ever before and papers which ordinarily send only one representative are asking for places for three or four.

The news arrangements of a big Convention, in which everybody in the country is interested, are one of its most important features and the managers of the approaching Republican gathering are giving particular attention to the provisions for reporting its proceedings. Something of the amount of the work involved is shown by an article in the June number of Appleton's, in which Trumbull White, formerly a newspaper man in Chicago and who has covered several National Conventions for Chicago papers, tells how the newspapers manage to put their readers in touch with everything that goes on before and behind the scenes.

"Almost directly surrounding the Chairman's rostrum," says the Appleton writer, "is a group of chairs facing temporary desks in the most favored vantage point for catching every word that falls from the speaker's lips. These are for the press associations which serve almost every paper in the United States with a detailed account of the Convention. Surrounding them are platoons of chairs and tables, hundreds of them altogether, numbered and separated for assignment to individual newspapers. Close at hand are the rooms assigned to the telegraph companies, the press associations and papers requiring increased facilities." These rooms will be fully equipped with telephones and instruments with long distance connections will be placed on the desks of the writers in the main hall, so that not an instant's time will be lost in communicating the affairs of the Convention to the waiting world.

Stomach Muscles In Old Age

How Old People May Retain or Restore Good Health

Usually the bowels are not so active in middle or advanced years as in youth. Just as the eyes grow dim, the skin wrinkles, the hair gray, the muscles flabby, so do the internal organs show their age if we could but see them.

However we sometimes find a person whose age is near the marked three-score and ten and yet his step is sprightly; his eye keen, his flesh firm, his appetite good and his bowels regular, and upon close questioning you will find a life's history of right-living, good food, keen appetite, perfect digestion and regular bowel action.

Regular bowels and proper digestion of the food we eat is absolutely necessary to the enjoyment of good health by old or young. If the readers of this article are interested, we are glad to tell them how they can restore good health and prolong their lives. Step into a drug store and purchase a bottle of Dr. Caldwell's Syrup Pepsin. It will cleanse the bowels of any waste matter that has clogged them up and restore to them strength and nerve force for regular natural daily action. It aids digestion by stimulating the stomach and digestive glands to a proper and sufficient secretion of the fluids necessary to perfect digestion. It acts on the liver and kidneys in a mild, quiet yet effective manner. Rev. A. J. Fletcher, of Rutherford, Tenn., is 80 years old, and it cured him of 60 years of dyspepsia. W. W. Sterling, Sioux City, Ia., says: "Dr. Caldwell's Syrup Pepsin is the best medicine I ever used and I am 88 years old." F. Thompson, Shenandoah, Ia., says: "I suffered 15 years with dyspepsia and it cured me." It is certain and effective for the most obstinate old cases, and yet mild and safe for the most delicate women or child. All druggists sell it at 50c and \$1.00 per bottle. Pepsin Syrup Co., 304 Caldwell Bldg., Monticello, Ill., is glad to send a free sample to any one who has never used it and will give it a fair trial.

Miss Lulu Alexander entertained most delightfully Thursday afternoon from 2 to 5 o'clock at the home of her mother in Lewisburg. The house was beautifully and artistically decorated in rainbow colors and gorgeous clusters of flowers. Progressive euchre and bridge were the games of the afternoon, in which Mrs. Lida Hord Owens won the honors in euchre and Mrs. D. E. Bullock in bridge. At the close of the games delicious refreshments were served, consisting of individual cakes, ice cream and strawberries. The assisting hostesses were Mrs. L. H. Long, Mrs. C. G. Lee, Mrs. S. C. Clift, Mrs. James Alexander and Miss Edith Worthington. The guests, departing, extended many generous expressions of gratitude to the genial hostess for the delightful afternoon of pleasure they had so thoroughly enjoyed.

The towboat Catherine Davis was inspected at Cincinnati a day or so ago and was found to be in good condition.

The steamer S. S. Brown has been withdrawn from the Memphis and Vicksburg trade and an application made for a Receiver for the Memphis and Arkansas River Company.

At the recent meeting of the Directors of the National Rivers and Harbors Congress at Washington, it was decided that the next convention would be held in that city. The Congress seeks to have the Federal Government expend not less than \$50,000,000 a year on the waterways of the country. Members of the directorate were present from every State in the Union.

The Nellie Willett, the prettiest and one of the most complete towboats on the lower Ohio and tributaries, has set a record mark which is likely to remain unbeaten for some time to come. The Willett landed at Evansville, Ind., from Bowling Green with a tow of six barges, loaded with 37,311 railroad cross ties, the largest number of ties ever brought out of Green river in a single trip.

Forty-five coalboats, thirty barges and nineteen flats, carrying 1,734,000 bushels of coal, made up Sunday's shipments from Pittsburgh. The boats in the fleet are—Cruiser, ten coalboats and two flats; Jim Wood, four coalboats, six barges and three flats; Charlie Brown, four coalboats, ten barges and two flats; Tornado, five coalboats, one barge and one flat; Exporter, twelve coalboats, two barges and five flats; the J. A. Wood with ten coalboats, two barges and three flats and Helen White, nine barges and three flats.

The towboat Pittsburgh, with 43 barges of coal, estimated value of \$200,000, was rescued by the Fred Herold from a perilous condition a day or so since near Tiptonville, Tenn. The Pittsburgh is the property of the Pittsburgh Coal Company and was disabled and drifting down stream in a helpless condition. Captain Flanagan of the Fred Herold immediately ordered his boat to the rescue, and with both crews saved from total loss the cargo and boat. The Pittsburgh was anchored safely on the Tennessee bank.

A small building of Flarity Bros. at Wedonia, occupied by Dr. McGuire, was destroyed by fire a few nights ago, caused by the explosion of a lamp. The loss on the building was about \$1,000, with a total insurance of \$1,100 on building and contents.

THE LODGE HUSBAND AND THE LODGE WIFE

A SERMONETTE
IN REAL LIFE.

Louisville Herald.

Once there was a man, and he was a Lodge man. He belonged to a dozen different Fraternal Orders, and he was interested in every one of them. He was Secretary of one, Treasurer of another, Eastern Potentate in a third, Keeper of the Sacred Coal Scuttle in a fourth and so on through the entire list.

Now these manifold duties kept him out nights—although, in itself, there's no particular harm in that. It's only a question what a man does when he's out and whether there isn't some better reason for him to stay at home.

As it happens, this man was married.

He loved his wife, too. Sometimes he said he thought he'd have to give up a few of his Lodges, they kept him out so much. But he took it out in thinking. He didn't do it.

Now the little woman at home, she began to do some thinking herself and at last she formulated a plan.

One morning he spied a queer kind of pin on her waist.

"What's that?" asked the man.

"This?" she asked. "Oh, this is the badge of the Daughters of the Moon."

I joined last night while you were at the banquet of the Ice Dealers' Society."

The man looked pretty hard for a minute, but he didn't say anything. It wasn't up to him. So he took the wisest course and kept still. Then for three solid months he watched the

CHARGES Filed at Washington Against Major Crumbaugh, Supervising In- spector of Vessels

WASHINGTON, May 10th.—Considerable surprise has been occasioned here by the information that Major Crumbaugh, Supervising Inspector of Vessels for the Seventh District, for many years stationed at Cincinnati, is under fire, and that the charges against him are being very seriously considered. A report in his case is nearly ready for submission to Secretary of Commerce and Labor Straus, and it is said that a change is in imminent prospect.

The charges against Major Crumbaugh were brought by Captain Harry Doss, who is in command of the steamer "Princess" during the Coney Island season. It is said that there were a number of charges, one of which, it is claimed, was in connection with the question of complimentary season tickets. Rivermen have known of the movement for some time, but it has not been widely discussed.

Mr. and Mrs. W. P. Bowman and a party of friends are off on a fishing trip on "Kinney."

"I consider Doan's Kidney Pills an ideal kidney remedy and one that deserves the confidence of anyone afflicted with kidney trouble. I was subject to attacks of kidney complaint from childhood, and as I grew older the complaint became more severe. In my efforts to find relief I used remedy after remedy, but no benefit was obtained until I began taking Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore. They proved to be just what I needed, going directly to the cause of my trouble and entirely relieving me.
